

GOAL

The diagram consists of eight circular nodes connected by dark brown lines. A path starts at a pink circle at the bottom right labeled 'START', moves up to a small grey circle, then left to another small grey circle, then up to a large blue circle, then left to a large teal circle, then up to a large yellow circle, then right to a large red circle labeled 'GOAL'. A final line connects the yellow circle to a small grey circle in the center. The background is white with a light grey dot pattern. There are two green dragon-like creatures: one in a hot air balloon basket on the left and one at the bottom right. The text 'HAPPY NEW YEAR' is written in the center right.

HAPPY
NEW
YEAR
